The Bond Issue.

On August 15 the bond election takes place to provide funds with which to build the new courthouse. That building must be erected goes without saying. The easiest way to construct it is the least burden to tax payers, is a question that confronts the whole people of the county. By the bond issue a average rate of three and one eighth cents on \$100 will be paid and this continues for a period of 15 years. If a direct tax 40 cents will have to be paid for three or four years. The latter would be a great burden for the tax payers to bear. It is up to the people to say whether they want this large tax or not.

Register now so you may exercise your franchise next November. Remember there is no time like the present.

A Democratic Meeting.

Last Saturday the first fling at the coming campaign was taken by the Democratic County Committee. The meeting was called for 2 p.m. in the court room of the chairman, W. O. Booth, and in anticipation of the event quite a number of the prominent members of the party gathered in town from various parts of the county. Included in the number were several who were not members of the committee and who claimed to have received invitations to be present. When the meeting was called Chairman Booth stated, after consulting with several members of the committee, that no outsiders would be permitted inside the room. This act developed the fact that a misunderstanding existed between the chairman and the secretary John J. McGrath. The latter asserted he understood it had been agreed on a previous occasion to invite a number of prominent Democrats, but chairman Booth held otherwise, and as a result Mr. McGrath resigned as secretary, and the gentlemen who had arrived with the intention of attending the meeting filed out into the street. M. F. Brown was selected as secretary, and the work of appointing delegates to the State convention, to be held at Sacramento, was proceeded with. J. H. Hatch was chosen from the Second township, J. V. Swift from the Third, and Joseph Debenediti from the Fourth. The First and Fifth township members of the committee were not present, consequently the selections from these points were deferred until the next meeting, which will be held Saturday.

Vote for the bond issue and keep the taxes down.

Grain Merchants Sued.

Frank Luis, a Pescadero farmer, sued Ferguson & Co., grain commission merchants in the Superior Court Tuesday to recover \$492.46, a balance due for grain alleged to have been sold to the defendants in 1904. The grain was delivered to a man named C. L. Littlefield who claimed to be an agent of Ferguson's, the total purchase price being \$2393.46. At different times drafts by Luis were honored by the commission firm until a total of the indebtedness amounting to \$1900 had been paid. Luis employed Craig & Craig to enforce full payment. The firm set up the defense that Littlefield was not their agent and moved for a nonsuit. Judge Buck held that the agency was not clearly established and the case was dismissed. Supervisor Coburn, J. C. Williamson and Manuel Goularte of Pescadero testified on behalf of the plaintiff. E. F. Treadwell was the defendant's attorney.

Tax payers who desire low taxation will vote for the bonds to rebuild the courthouse. The rate will be a trifle over 3 cents on \$100. No one can complain of this small rate. A direct tax will be a burden.

Appointed Superintendent.

Dr. Harvey L. Ross, who has been practicing medicine in the Hawaiian Islands for the past six months, writes that he has been appointed medical superintendent by the Hawaiian Ditch company and will have charge of their large hospital now being erected. The company has twelve miles of tunnel work to be done and at present employs about 300 Japs. They will shortly increase that number to 1000. "I expect to be busy," writes Harvey, "unless the Japs do a good job with the giant powder or fall over the 'pall,' a drop of 3500 feet."

The man who went out to milk and sat down on a boulder in the middle of the pasture and waited for the cow to back up, was a brother to the man who kept a store and wouldn't advertise because he reasoned that the purchasing public would back up to his place of business when it wanted something.

Not Mentally Capable.

A Strong Republican Ticket Will Be Nominated and It Will Be the Victor.

Judge Buck on Thursday denied the petition of Frederick A. Fallon to be restored to capacity. Congressman Julius Kahn appeared for Carmel Fallon, mother and guardian of petitioner, and opposed the petition on the grounds that her ward was not mentally capable of managing his large estate. The court suggested that the matter be taken up at another time and in the meanwhile his monthly allowance be raised from \$50 to \$100. Fallon has been residing with his mother in San Francisco for some years and has been receiving a monthly allowance of \$50. He was declared incompetent in 1892. He appears to be perfectly rational but strange to say he is wholly incompetent to take proper care of his estate valued at about \$80,000.

SEEKING A HOTEL SITE.

Teschan Tavern People May Open a Hotel in the Hayward Mansion.

At a meeting of the Promotion Committee of the Board of Trade tonight a proposition will be presented by the Teschan Tavern managers of San Francisco looking to the opening of a hotel in the Hayward mansion in this city.

The proposition will be in effect that the Tavern people will put up \$50,000 if the capitalists of San Mateo will produce a like sum, when a corporation will be formed to conduct a hotel. It is understood the promoters of the enterprise have an option to lease the premises for a period of years at a reasonable rental, with the privilege of purchasing, if they so desire.

The idea is to expend a portion of the \$100,000 in rearranging and remodeling the interior of the mansion and providing it with suitable furnishings. Hotel experts have been through the structure at the instigation of the Teschan Tavern managers and they pronounce it capable of comfortably housing 100 guests.

Capt. John Barneson, who is one of the owners of the property, is very much interested in the movement and has signified his willingness to subscribe liberally toward the capital stock of the proposed company—San Mateo Leader.

CANDIDATES TO THE FRONT

A Strong Republican Ticket Will Be Nominated and It Will Be the Victor.

Candidates for the various offices of the county are beginning to make their announcements and up to date a large number of aspirants are mentioned for places. It looks now as if the Republican candidates would have a clean sweep at the fall election. An able body of men will be placed on the ticket that will challenge the admiration of the people and will be supported by the voters of the county irrespective of party politics.

R. H. Jury is the only one mentioned thus far for Assemblyman. He will not be opposed in the Republican convention and no one is spoken of as his opponent in the Democratic convention. So it would seem as though Dick's lines have been cast in pleasant places.

The big bone of contention will be the sheriff's office. Robert S. Chatham, who was robbed of the office by an unjust decision of the Court of Appeals, is the logical Republican candidate. The party looks to him to carry the standard of the office to a successful issue this year.

They feel as though he ought to be vindicated for the injustice done him. His nomination means his election by the largest majority ever received by any candidate for office in this county. Mr. Chatham is the popular idol of the young men of the county without regard to politics. The other name mentioned on the Republican ticket is that of Constable Mike Sheehan of San Mateo. He would accept the nomination if tendered him. The Democratic possibilities are J. H. Mansfield of Redwood City and M. J. Conway of San Mateo.

To all intense and purposes H. W. Schaberg will be the Republican candidate for the office of clerk. He has been a painstaking and faithful official and the taxpayers want him renominated and re-elected. Joe Nash of San Mateo would not refuse the Republican nomination. In Democratic circles no one as yet has been spoken of for the place, although before the nominations are made some one may be groomed for the position.

J. F. Johnston, the popular recorder, appears to have a clear field for the nomination and election. His efficiency as an official is unquestioned. His great popularity among the voters will insure his election. At this time no one in the Democratic party has made known his desires to measure swords with Mr. Johnston.

Tax Collector C. L. McCracken will be a candidate for the office he has so ably filled for nearly two years. He is well qualified for the position, having shown much tact and ability during his short time in control of the office. He will not be opposed in his own party for the nomination. The Democratic candidate will in all probability be Henry F. Butts, the present under sheriff.

C. D. Hayward seems to have things all his own way for assessor. He has no opponent for the nomination and will not be opposed by any candidate in the Democratic party. Property owners are satisfied with his assessments as was evidenced by the last Board of Equalization, when no application was filed for reduction of assessment showing his fairness with real estate owners. He enjoys great popularity all through the county.

For the office of coroner and public administrator there are two aspirants on the Republican ticket, James Crowe who so ably and honorably filled the position for years and whose popularity is known from one end of the county to the other. The other aspirant is Dr. Maine, the young physician of this city. The Democrats are a little shy in seeking this office for no one thus far has had the temerity to come forward and announce himself.

For the office of superintendent of schools the only name thus far mentioned is the present incumbent, Miss E. M. Tilton.

W. H. Underhill will be an aspirant for auditor, the position to which he was recently appointed by the Board of Supervisors to fill the vacancy made by the death of George Barker. He appears to have clear sailing for the place for as yet no one else is spoken of either in his own party or the Democratic party. Although Mr. Piccarpo may yet come into the contest and seek the Republican nomination.

P. P. Chamberlain, the old reliable, as usual will have no opponent. All parties agreeing that he is the right man in the right place and the voters and tax payers of the county propose to keep him in his present position. It may be said without contradiction that Mr. Chamberlain is the most popular official in the county.

J. J. Bullock is also among the lucky ones. As politics look at present he will have no opposition in the Republican convention nor an opponent in the Democratic party for the district attorney's office. He has made a splendid prosecutor and being an affable gentleman he is tremendously popular with the masses.

W. B. Gilbert is another of those county officers who will have no opponent at the polls next election. He appears to have a clinch on the

Surveyor's office. Billy is popular and deserves to be retained in office.

In the Fourth there will be a scramble for supervisor. The Republican aspirants are Carl J. Colburn, the incumbent, Edgar A. Shaw and Dr. Blackburn. William Alexander Moore is seeking the Democratic nomination.

In the Second township John H. Coleman will be an aspirant to succeed himself as supervisor. With pride he points to the good roads in his district and they speak for themselves. Those who use them will not forget him on election day. Mr. Coleman as chairman of the Board of Supervisors has made an impartial presiding officer that has gained for him the confidence of the members of the board. He may be opposed in the Republican convention by Clarence W. Melvin. There is no one mentioned on the Democratic ticket though it is likely some one will be groomed for the nomination.

W. O. Booth, the Justice of the Peace of San Mateo, will be opposed by Attorney L. E. McLellan who will be the Republican nominee. There will be a strong contest for this office.

James Cronk will seek to succeed himself as constable of the Third township. He is to have no opposition in his own party. The Democrats have spoken of Peter Kelly and James Coleman.

James Hannon, the Democratic incumbent, is the only one mentioned for Justice of the Peace of the Third township.

In the First township things are somewhat mixed up. It is understood that E. E. Cunningham will not seek a nomination for Justice of the Peace. Very little interest is being taken in township office in the north end. However in due time there likely will be spring up a good crop of candidates.

A NEW TOWN SITE.

It Will Be Called Banks and Braes, Situated Near Mountain View.

The Interurban Electrical Railroad has recently purchased a 100 acre tract from Mrs. S. L. Winchester, between Palo Alto and Mountain View on the route of the proposed electric road. This tract is intended for a town site and has been given by the purchasers the picturesque name "Banks and Braes."

It is near the foothills, on Edith avenue, and is sixteen miles from San Jose, thirty-five miles from San Francisco and about two miles across country from Mountain View. The new electric road will run directly through the property. The grad stakes are set now and it is thought that the work of grading this section will be begun this week.

The land adjoining is divided into villa sites and small ranch holdings of from five to twenty acres. In the immediate vicinity is the John I. Sabin place, the Winchester home, property owned by Henry C. Callahan, A. E. Ethel, of San Francisco; Prof. O. P. Jenkins, of Stanford University; J. T. O'Keefe of San Jose; ex-Senator Williams, of San Francisco; J. S. Lakin and Marshall Black, of Palo Alto. The advent of the electric road through this region has hastened the perfection of plans for building, and some handsome country homes are now in the process of construction.

Arranging for the Primaries

The Republican County Committee will meet in the parlors of the St. Charles hotel next Monday afternoon to appoint delegates to the Santa Cruz convention and arrange for the primaries to take place in September. All are cordially invited to attend. This county will have nine delegates this year. Those who will likely be appointed will be W. G. Martin and H. W. Brown of the First township; W. B. Lawrence and Geo. C. Ross of the Second; Will Price and John MacBain of the Third; C. Colburn of the Fifth and D. J. Lynch and Horace Nelson of the Fourth.

Leopold, the Fun Maker.

Leopold, the fun maker, who is to give an entertainment at Germania hall Monday evening is preceded by excellent reports of the character and success of his shows from other places where he has been. From a Watsonville exchange this is taken: "The exhibition last night was exceptionally good. One very difficult scene was produced without any trouble with four subjects, all of them local young men. They were put to sleep and given the impression that he had a bottle of tea in his pocket and could drink freely. They consequently caught fish with broom handles and sticks. Continued slipping from their imaginary bottles apparently intoxicated them and they were for all the world like drunken men, sang like them, shouted like them, and walked like them."

After the performance Monday evening a man will be put into a hypnotic sleep and carried to the window of the Del Monte restaurant where he will remain asleep until Tuesday night, when he will be awakened at the performance before the public.

On Tuesday a 250 pound granite stone will be broken on the breast of some hypnotic subject. On Wednesday the professor
